**Jobs WILL NOT be started without a work order accompanying the job.**

**ABOUT WIDE FORMAT PRINTING**

These prints are designed to be viewed from 6+ feet. We cannot guarantee absolutely perfect prints. **All jobs require at least 24 hour turnaround.**  
 Our machines are calibrated to produce visually pleasing prints. These are inkjet plotters, they are not as good as 4 color negatives and pressmatch proofs or 4 color printing. Your images may or may not have been color corrected for proper color output. If you wish to see what the photo will look like you must see it on our color corrected monitor. **For \$15.00, we will run a reduced size proof of your job from the inkjet printer.**  
 If you need an exact color match you should print on a printing press. **If you wish to make color corrections, we bill \$60.00 per hour or a \$20.00 minimum, plus \$15.00 for each proof.**  
 Every precaution is taken to provide quality laminating and mounting, however, we cannot be held responsible for damage which may occur to artwork/prints not produced at STATS. If the piece was produced at STATS we will re-run as needed.
